Northwest Science
Volume 74 (2000)
Author and Subject Index

AUTHOR entry headings are distinguished from subject entry headings by capitalization.

AGEE, JAMES K. Book Review: *Indians, Fire, and the Land* (Boyd). 81-82
agriculture
  irrigated Eden (book review), Allen, 171-172
ALLEN, RICHARD G. Book Review: *Irrigated Eden* (Fiege). 171-172
amphibians
  determinants of tailed frog range, Dupuis et al., 109-115
anthropology
  Indians, fire, and land (book review), Agee, 81-82
  journey across the Rocky Mountains to the Columbia River (book review), Reynolds, 261-262
  salmon without rivers (book review), Francis, 84-85
arthropods
  eat-a-bug cookbook (book review), Clark, 176-177

BADER, MICHAEL. Distribution of grizzly bears in the U.S. northern Rockies. 325-334
BARNDT, SCOTT A., and C.M. KAYA. Reproduction, growth, and winter habitat of Arctic grayling in an intermittent canal. 294-305
bats
  vertical stratification of bat activity, Gruver and Hayes, 102-108
bears
  grizzly bear distribution, Bader, 325-334
  TNF and IL-6, Call et al., 340-345
BICKNELL, SUSAN H. Book Review: *The Redwood Forest* (Noss; Save-the-Redwoods-League). 173-175
biochemistry
  Sisyrinchium isozyme variation, Wilson et al., 346-354
  TNF and IL-6, Call et al., 340-345
  western juniper biomass and nutrients, Tiedemann and Klemmedson, 12-24
biodiversity
  freshwater ecoregions of North America (book review), Weigmann, 256
  multi-nutrient fertilization on understory diversity, VanderSchaaf et al., 316-324
  terrestrial ecoregions of North America (book review), Weigmann, 254-255
biology
  burbot in Washington State, Bonar et al., 87-96
  larval and young-of-the-year white sturgeon diet, Muir et al., 25-33
biometrics
  comparison of ground measurements with digital elevation models, Coops, 116-130
  polar plotting of seasonal data, Whitfield and Cannon, 76-80
  site index conversion equations, Nigh and Kayahara, 146-150
birds
  avian use of Snake River riparian habitat, Rocklage and Ratti, 286-293
  flying squirrels as egg predators, Flaherty et al., 335-339
BOLGOS, G.L. *see* Call et al., 340-345
BONAR, SCOTT A., L.G. BROWN, P.E. MONGILLO, and K. WILLIAMS. Biology, distribution and management of burbot (*Lota lota*) in Washington State. 87-96
BOND, NICHOLAS A. Book Review: *The Oregon Weather Book* (Taylor and Hatton). 257-258
_____. Book Review: *The Climate of Oregon* (Taylor and Hannan). 257-258
book reviews
  Continental Conservation: Scientific Foundations of Regional Reserve Networks (Soulé and Terborgh), Karr, 169-170
  Flora of Mount Rainier National Park (Biek), Kruckeberg, 259-260
  Freshwater Ecoregions of North America: A Conservation Assessment (Abell, et al.), Weigmann, 256
  Indians, Fire, and the Land in the Pacific Northwest (Boyd), Agee, 81-82
  Irrigated Eden: The Making of an Agricultural Landscape in the American West (Fiege), Allen, 171-172
  Narrative of a Journey Across the Rocky Mountains to the Columbia River (Townsend), Reynolds, 261-262
  Salmon Without Rivers: A History of the Pacific Salmon Crisis (Lichatowich), Francis, 84-85
  Sunrise to Paradise: The Story of Mount Rainier National Park (Kirk), Peterson, 83
  Terrestrial Ecoregions of North America: A Conservation Assessment (Ricketts et al.), Weigmann, 254-255
  The Climate of Oregon: From Rain Forest to Desert (Taylor and Hannan), Bond, 257-258
  The Eat-A-Bug Cookbook (Gordon), Clark, 176-177
  The Oregon Weather Book: A State of Extremes (Taylor and Hatton), Bond, 257-258
  The Redwood Forest: History, Ecology, and Conservation of the Coast Redwoods (Noss; Save-the-Redwoods-League), Bicknell, 173-175
botany
  Flora of Mount Rainier National Park (book review), Kruckeberg, 259-260
  light and mistletoe aerial shoots, Shaw and Weiss, 306-315
  redwood crown structure, Sillett and Van Pelt, 34-43
  Sisyrinchium isozyme variation, Wilson et al., 346-354
  western hemlock, radial increment, and climate, Rudnicki and Chen, 57-68
BRADLEY, JEFF. *see* Flaherty et al., 335-339
British Columbia
  dating of high-elevation dying trees, Kellner et al., 242-247
  determinants of tailed frog range, Dupuis et al., 109-115
  polar plotting of seasonal data, Whitfield and Cannon, 76-80
  urban streamflow effects, Leith and Whitfield, 69-75
BROWN, LARRY G. *see* Bonar et al., 87-96
